

Are you a Albertson's Community Partners? You can help!

What an easy way to make a contribution to Washington PAVE— just by doing your grocery shopping! Just have the cashier scan your Preferred Savings Card when your order is being rung up. The cards can be scanned at any Albertsons across the United States (except Dallas/Ft. Worth). Albertsons will contribute up to 4% of eligible purchases to help PAVE assist families in finding services and provide workshops for families and their children or adult with a disability; to support them when a family learns their child has a disability or chronic health care need and to purchase books, and video tapes for our “Family” Library.

Get Set Up

On August 1, 2003, Albertsons began linking the Community Partners Card to their Preferred Savings Card. If you'd like to start contributing simply by buying groceries, you'll need to register your Preferred Savings Card with PAVE's Community Partners ID number. It's easy, here's how:

ONLINE: [Go to www.albertsons.com/cp/](http://www.albertsons.com/cp/). Click on “Shoppers login or register with your Preferred Savings Card first”

- Sign in
- Register your Preferred Savings Card, and when prompted, enter PAVE's 11-digit Community Partners ID number (**49000122903**). Or call us at 800-572-7368 (v/tty) and we can sign you up.

From then on, you'll be donating to PAVE automatically every time your Preferred Savings Card is swiped.

Your Privacy is Important

The only information Albertsons will provide to your Community Partners or any program administrator is your name, eligible purchase total, and the quarterly contribution total. We will never provide any item specific purchase information.

Thank you for choosing PAVE as your community partner!!!
