

You Make A Difference

Coin of Excellence Award Winner

Micaela Duggan
(Youth)

She is trustworthy, honest, hard working and a great role model to her fellow peers with and without disabilities. Michaela goes that extra mile and volunteers as a member of the leadership team to help plan youth activities and 3 friendship events held in the Peninsula community. She has donated many hours of her time to her community by providing support to young people who experience disabilities; she will make time to provide support for a friend. She is so trusted by her peers, they have asked her to attend important IEP meetings, and to help with presentations as a member of the Youth Leadership Team. She

has shown strength as a leader through her ability to facilitate and coordinate at planning meetings, as well as sharing ideas and her ability to think things through. Michaela's can-do attitude inspires confidence to her fellow team members, and she is usually first to step up and lead a new activity or volunteer to plan and create events that are welcoming to all abilities.
